Mr. Robert L. Sproull
Director
Advanced Research Projects Agency
Department of Defense
Washington, D. C.

Dear Mr. Sproull:

In reply to your letter of 12 January 1965, the Office of Research and Reports will be happy to provide the Geological Survey with available source material, up to and including SECRET, pertinent to the atlas program. We have been in touch with Dr. Fryklund on this subject, and further contacts will be made to determine detailed topic and area requirements. The responsible person for Dr. Fryklund to contact is [REDACTED] (telephone 143-6406).

12 JAN 1965

Mr. Otto E. Guthe
Assistant Director
Office of Research and Reports
Central Intelligence Agency
Washington, D. C.

Dear Mr. Guthe:

The Advanced Research Projects Agency has requested the Geological Survey to prepare classified atlases of a number of potential underground nuclear test sites in the U.S.S.R. Because the project is considered to be of high national importance, we are requesting the support of the Central Intelligence Agency in providing the Geological Survey with available source material, up to and including SECRET, pertinent to this atlas effort.

Source materials would include classified data on mines, caves, oilfields, culture, and climate in the areas of interest. The necessary arrangements for transfer or loan of classified data can be made between Dr. Verne C. Fryklund, Jr., of the Geological Survey and a designated member of your organization.

Sincerely, -
